

Fast, Thorough Background Reports

Sterling Identity for Financial Services

Trust is the bedrock of your business. As an industry leader, you strive to hire and promote only the most trustworthy candidates, and you need one of the best partners in the business to help you do it.

With Sterling Identity, you can use FBI record checks for all employees and candidates, not just those who fall under FINRA compliance requirements. Our simple solutions make it easier for your candidates and employees to provide fingerprints and for you to receive results faster.

99%

OF FBI RECORDS ordered through Sterling Identity are returned in less than 10 minutes.

25

civil fingerprints

The Support You Need, When You Need It

Our centrally-located Support team answers calls in under 15 seconds on average and handles almost all calls in under 5 minutes. They're available for both you and your candidates and employees, and even provide on-the-spot assistance during fingerprinting. You can reach them by phone, email, or chat any time one of our fingerprinting locations is open for business.

Streamlined Background Checks

Sterling Identity partners with your background screening organization to help the HR team with hiring, onboarding, and retention of trustworthy employees. **We manage:**

- Candidate information collection
- Biometric capture
- FBI report delivery

Sterling Identity Advantage

As Easy to Use as Your Smart Phone.

Enjoy a simple, modern, and intuitive experience with Sterling Identity's biometric data collection system. The touch-screen interface works exactly how you'd expect, and with our tamper-proof hardware platform, your sensitive data is kept safe and secure. It's the simplest, most reliable solution available.

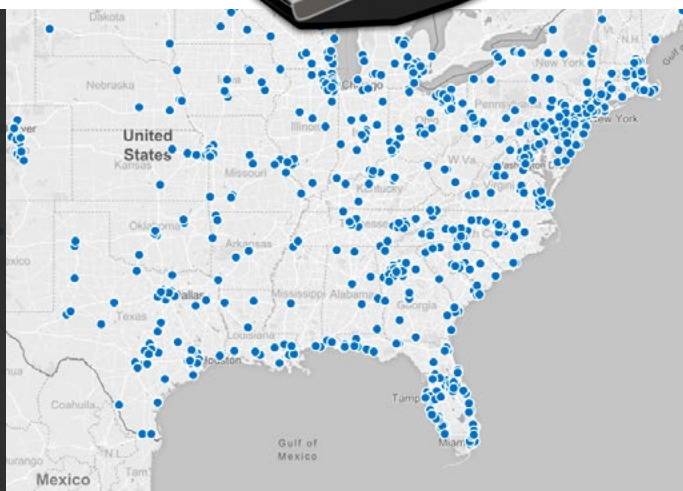

Close to Home

Over 80% of the US population is less than 30 minutes from a convenient Sterling Identity Network Kiosk.

In collaboration with The UPS Store®, we offer a nationwide network of biometric registration locations in all 50 states and Washington DC.

Find us at sterlingidentity.com/locations.
